PROFESSIONAL SUMMARY

Shopify Plus Developer with hands-on production experience building high-revenue eCommerce storefronts. Currently maintaining **cuddleclones.com**, a Shopify Plus store generating approximately **\$25M annually**, delivering custom Liquid templates, dynamic Metafield configurations, personalization flows, and AJAX Cart API integrations. Skilled in collaborating async with US-based design and marketing teams. Available for remote US-based roles — comfortable with Slack, Loom, Notion and distributed workflows across timezones.

EXPERIENCE

Shopify Plus Developer

Feb 2025 – Present

OptimaGeeks, Lahore — cuddleclones.com (Shopify Plus, ~\$25M/yr)

- Architected fully custom product pages using Shopify Liquid and Metafields, enabling dynamic per-product content for a high-SKU, personalization-heavy catalog serving 100K+ annual orders.
- Built end-to-end cart flows via AJAX Cart API and cart properties to pass user-selected options, personalization data, and uploaded images through to order processing.
- Integrated Klaviyo for email marketing automation, connecting customer behaviour triggers to campaign flows.
- Collaborated async with US-based marketing and design teams (Slack, Loom, Figma handoffs); wrote feature documentation on Notion after each delivery.
- Implemented conversion-focused landing pages and UI enhancements that directly supported storefront revenue goals.

Shopify Developer Intern

Dec 2024 – Jan 2025

Alchemotive, Lahore — Ethnic, Beyond East, Sapphire

- Customised Shopify themes and built reusable Liquid section components for major retail brands; delivered pixel-accurate UI from Figma designs with senior developer oversight.
